media:scape mini and mobile 21

Resources 33

▶For a list of all trademarks, refer to the last page of this specification guide.

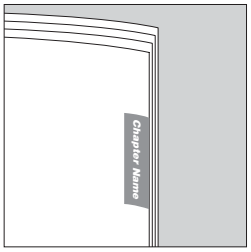
For Canadian Pricing

Calculate in the following order to avoid rounding errors:

- Multiply the base price and each option by 1.09.
- Round each to the nearest dollar.
- Add base and options for total list price.

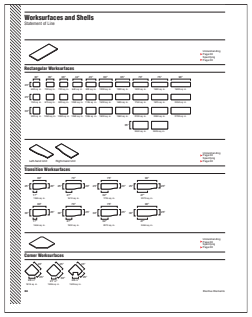
Nine Tips:
How to Get the Most Out of This Book

Tip 1



Watch the tabs on the right-hand edges of the pages. They'll always indicate which chapter you are in.

Tip 2



Use the Statement of Line pages for an overview of the available components, their sizes, and page references for additional information.

Tip 3

Find cross reference by looking for page numbers flagged with an arrow.

Tip 4

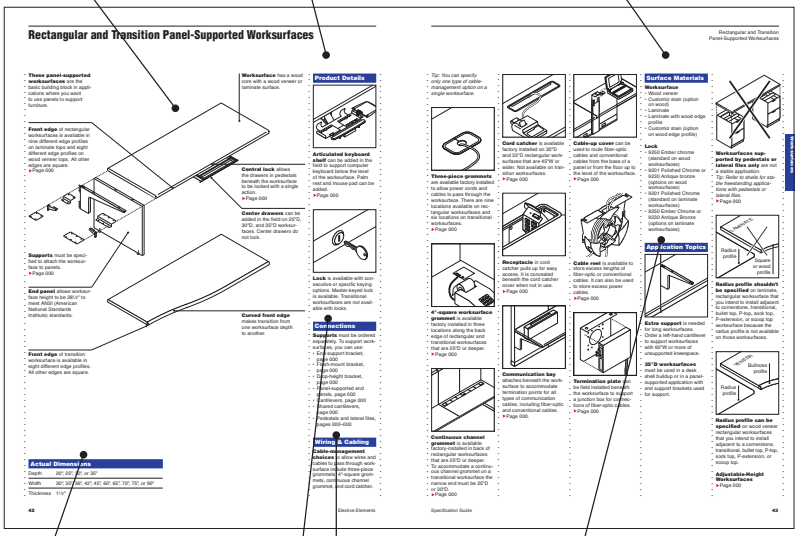
Study the product detail pages in the Understanding section to learn everything an expert knows about specific products. Each product detail page in this section contains the following features, where applicable:

- Product Drawing
- Actual Dimensions
- Product Details
- Connections
- Wiring and Cabling
- Surface Materials
- Application Topics

Product Drawing shows you what the product looks like and points out important features.

Product Details gives specific information on the product and how it is used.

Surface Materials lists what material is used for each part of the product.



Actual Dimensions table lists the dimensions of the product.

Connections describes how the product is assembled or how it attaches to another product.

Wiring and Cabling details the cable-management and cable routing capabilities of the product.

Application Topics provides useful advice on how to apply the product.

Tip 5

Refer to the specifying pages for all the information needed to order a product. Each product specifying page contains a variety of elements to help you complete a specification:

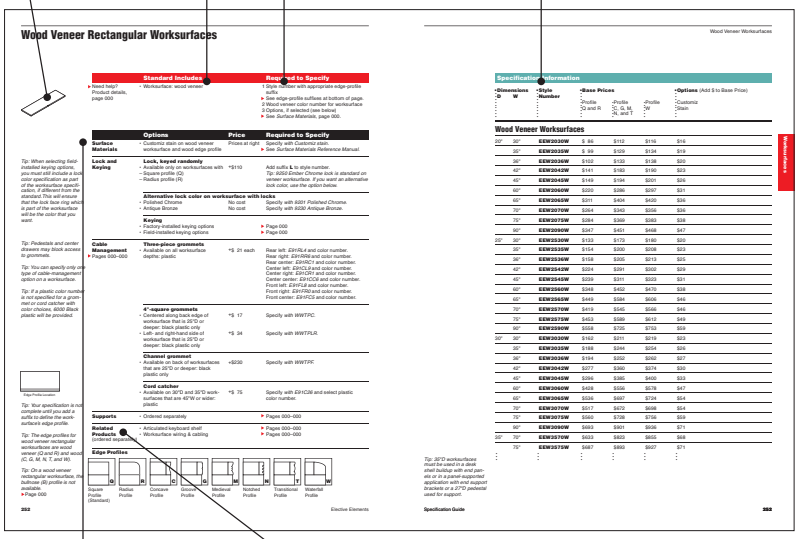
- Product Drawing
- Standard Includes
- Required to Specify
- Options
- Related Products
- Specification Information
  - Dimensions
  - Style Number
  - Price

Standard Includes (under the dark grey band) provides a list of what comes standard with the product.

Product Drawing shows you what the product looks like.

Required to Specify (under the dark grey band) itemizes the information that you must provide to order the standard product and the preferred sequence for specification.

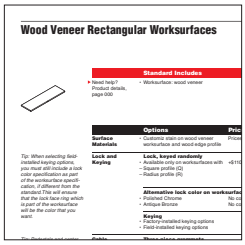
Specification Information (under the light grey band) provides product dimensions, style numbers, and prices for the standard product and any surface material choices that are available.



Options (under the black band) lists all the options that apply to the product, their price, and what is required to specify.

Related Products provide specification information for products that are directly related.

Tip 6



Italic typeface on specifying pages usually identifies wording that you should use in your order.

Tip 7

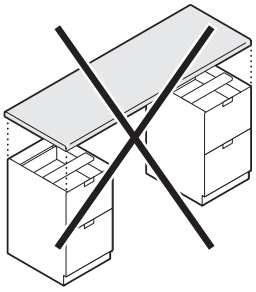
Wiring & Cabling

Cable-management choices to allow wires and cables to pass through worksurface include three-piece grommets, 4"-square grommets, continuous channel grommet, and cord catcher.

Tip: You can specify only one type of cable-management option on a single worksurface.

Watch for tips throughout the text that give you explanations and helpful instructions.

Tip 8



Learn what you cannot do by looking for drawings crossed out with an "X."

Tip 9

Style Number	Page
2256-P	308
32WCP	265
4942	308
87-7102002	331
87-7102003	331
88-PS	194

Refer to the style number index when you know a style number and you need to find the page that has more details about the product.

▶Page 34

Additional Resources

Steelcase Audio Visual products are supported with informational materials, tools, and software to help you plan, specify, and order an installation efficiently.

Printed Materials

Other Specification Guides
Steelcase offers a comprehensive portfolio of furniture and solutions. For the full offering of products, refer to the individual product specification guides. These can be accessed at the www.steelcase.com web site or at village.steelcase.com

Computer Tools

Electronic Catalog
Accurate sales quotations and purchase orders for Steelcase products are created with specification software that uses Steelcase Electronic Catalog data. Use the data to specify and price style numbers and options for every Steelcase product. The data is updated bimonthly by Steelcase and provided to software programs including: the Hedberg Business System, SmartTools–Steelcase's design and specification software (for more information on SmartTools, please email SmartTools@steelcase.com), the ProjectMatrix Project Symbols libraries, as well as 20-20 CAP Studio.

Furniture Symbol Graphic Data
Steelcase creates 2D and 3D furniture symbols (with attributes) for planning and initially specifying Steelcase products. This data is incorporated into several add-on software packages that work in either a Microstation or an AutoCAD drafting environment.

Digital Publications
If your device has a bar code reader App, scan this QR code for a direct link to the online digital publications. Utilizing this QR code allows you to search across multiple specification guides, share across social media, or print out pages. You can also access these digital publications at www.steelcase.com or village.steelcase.com.

Support

Steelcase Capabilities
Steelcase products are distributed, installed, and serviced through a network of more than 600 dealers worldwide. Steelcase is also represented with offices and corporate showrooms in 26 U.S. cities, 4 Canadian cities, and in France, Germany, Great Britain, and Japan. Every Steelcase product meets our exceptionally high standards of quality and durability and comes with the Steelcase assurance of excellence in service.

For assistance, please call your local dealer, the Steelcase Solutions Resource Team, or the Steelcase Solutions Fulfillment Team at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to lineone@steelcase.com.

Call the Steelcase Solutions Resource Team prior to placing an order, when working on a bid, or when you need information about product applications and specifications.

Call the Steelcase Solutions Fulfillment Team if you have submitted an order to Steelcase and you need to speak to your Solutions Fulfillment Team Representative about the order. Also call if you have any post-shipment quality or warranty concerns or service parts questions.

Outside the U.S.A., Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands, call 1.616.247.2500.

For information about Steelcase, the name of your nearest Steelcase dealer, or for product literature, call 1.800.333.9939 or visit our Web site: www.steelcase.com.

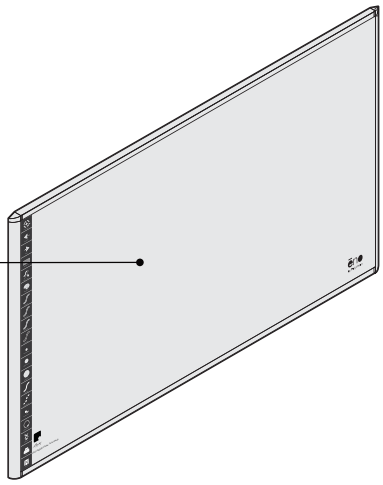
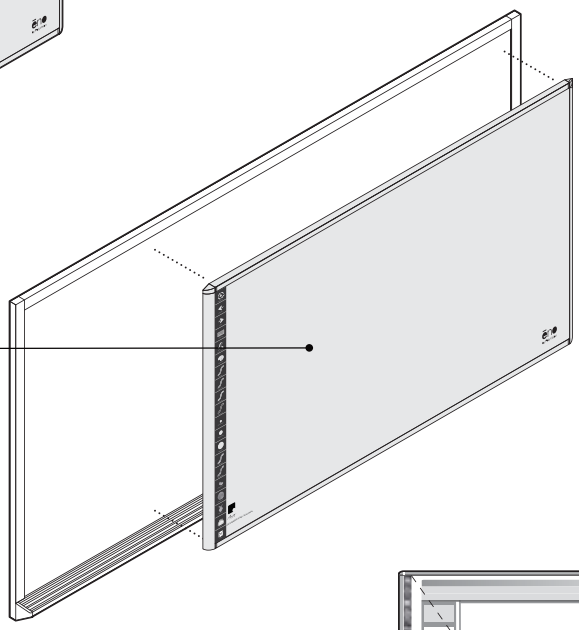
ēno Classic, ēno Click, and ēno Flex Interactive Whiteboards

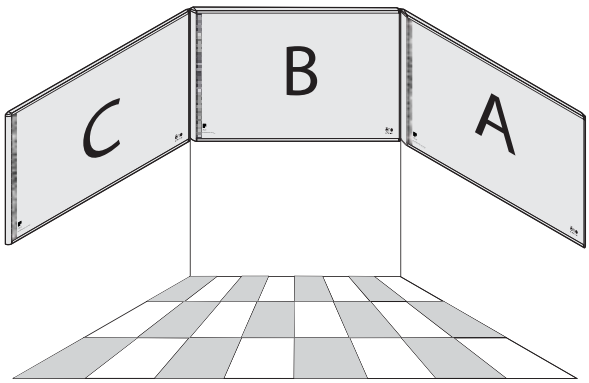
ēno Classic, ēno Click, and ēno Flex interactive whiteboards can be used as a conventional whiteboard with any traditional dry eraser marker, or as an interactive whiteboard with the use of a projector and an ēno stylus.



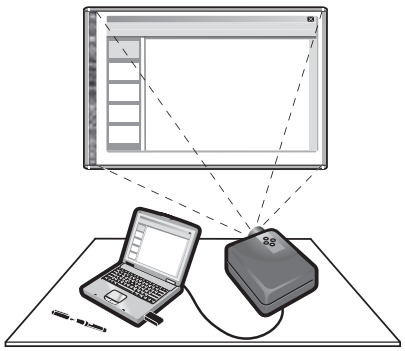
The ēno Classic interactive whiteboard installs like any conventional whiteboard. No power or cables are required.



The ēno Click interactive whiteboard uses magnetic mounting hardware and mounts instantly over an existing ceramic-steel chalkboard, whiteboard, or any other steel surface. No power or cables are required.



ēno Classic and Click interactive whiteboards are available in three different dot patterns: A, B, and C. This enables up to three boards to be independent calibrated in the same room and to operate properly.



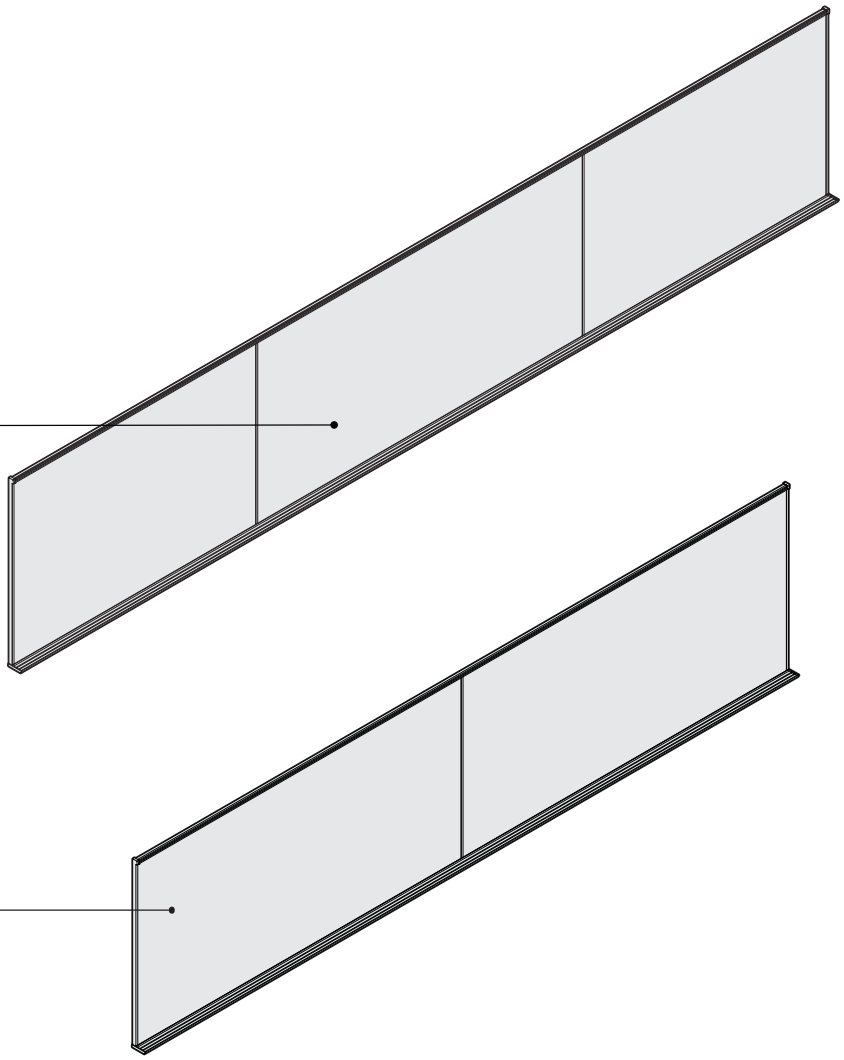
Interactive application: ēno can be used as an interactive whiteboard when used with the ēno stylus in conjunction with any Windows or Apple computer (not included) and any projector (not included with ēno interactive whiteboards, but can be ordered separately). For best experience, ultra short-throw projectors are recommended.

Actual Dimensions — ēno Classic and ēno Click

Dimensions include whiteboard frame	Overall Depth	Overall Height	Overall Width
ENO2610	1"	48¼"	64½"
ENO2810	1"	48¼"	85½"
ENOCLICK2650	1¼"	43¾"	64½"
ENOCLICK2850	1¼"	43¾"	85½"

ēno Flex integrates multiple ceramicsteel dry erase panels and ēno interactive whiteboards into the same surface. It installs like any conventional whiteboard. No power or cables are required.

All ēno Flex configurations include a full-length marker tray, as well as a full-length tack rail with a flag holder, two map clips, and two map rail hooks.



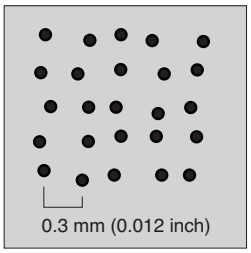
ēno Flex 100, ēno Flex 200, and ēno Flex 686 solutions are only available in the A dot pattern.

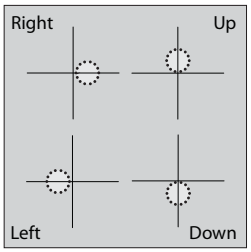
The ēno Flex 280 solution includes both an A dot pattern board and a B dot pattern board.

Actual Dimensions — ēno Flex

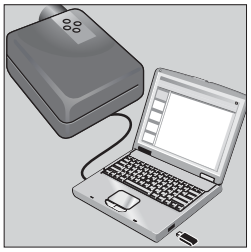
	Overall Depth	Overall Height	Overall Width	Center Panel Height	Center Panel Width	Side Panels Height	Side Panels Width
ENOFLEX100	4"	48"	144"	46½"	63"	46½"	40"
ENOFLEX200	4"	48"	192"	46½"	84"	46½"	53½"
ENOFLEX686	4"	48"	240"	46½"	84"	46½"	78"
ENOFLEXAB280	4"	48"	169"	N.A.	N.A.	46½"	84"

Product Details





ēno interactive whiteboards feature a pattern invisible to the naked eye. The pattern consists of numerous intelligent small black dots that can be read by the ēno stylus. The pattern indicates the exact positions of the ēno stylus.



Any Bluetooth® enabled computer (Apple or Windows-based) with the ēno App installed can be used in conjunction with ēno to enable interactive whiteboard capability. Any projector can be used to project images from the computer to the ēno whiteboard.

The ēno stylus works with the ēno whiteboard to enable interactive capability with a computer. For example, when a computer based presentation is projected onto the ēno whiteboard, the stylus can be used to guide the presentation or interact with a computer program, similar to keyboard or mouse commands.

Each ēno Classic and ēno Click interactive whiteboard comes complete with:

- one ēno whiteboard with one of three dot patterns. Every ēno whiteboard features the e³ ceramicsteel writing surface
- one Bluetooth enabled stylus with one AAA battery
- two replacement stylus tips
- one ēno receiver for Windows or Macintosh (USB interface)
- the ēno App
- RM Easitech® software
- one USB extender for the ēno receiver
- one magnetic icon strip

Each ēno Flex interactive whiteboard comes complete with:

- one ēno whiteboard, which features e³ ceramicsteel writing surface
- one Bluetooth enabled stylus with one AAA battery
- two replacement stylus tips
- one ēno receiver for Windows or Macintosh (USB interface)
- one Bluetooth
- RM Easiteach software
- one USB extender for the ēno receiver
- one magnetic icon strip

Computer projector is not included.

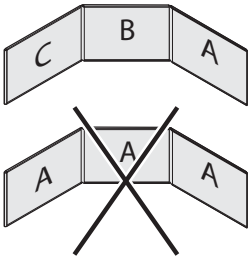
Installation

ēno interactive performance requires the installation of the ēno App on the computer and the ēno receiver included with ēno.

The ēno Classic and ēno Flex whiteboards install like any conventional whiteboard. There are no power requirements and therefore no wires. Because it transmits to the computer via Bluetooth there are no communication cable requirements.

The ēno Click interactive whiteboard comes with magnetic mounting hardware and mounts instantly over any ceramicsteel or steel surface. Because ēno transmits to the computer via Bluetooth, there are no communication cable requirements.

Application Topics



ēno Classic and ēno Click interactive whiteboards are available with A, B, and C dot patterns which allow up to three boards to be independently calibrated in the same room and operate properly. In a multiple interactive whiteboard application, no two whiteboard dot patterns should be the same.

ENOFLEX100, ENOFLEX200, and ENOFLEX686 interactive whiteboards are only available in A dot pattern.

Environmental Certifications

ēno Classic and ēno Click

- MBDC Cradle to Cradle Silver
- SCS Indoor Advantage
- RoHS

ēno Flex

- SCS Indoor Advantage
- RoHS
- Qualifies for LEED points

Warranty

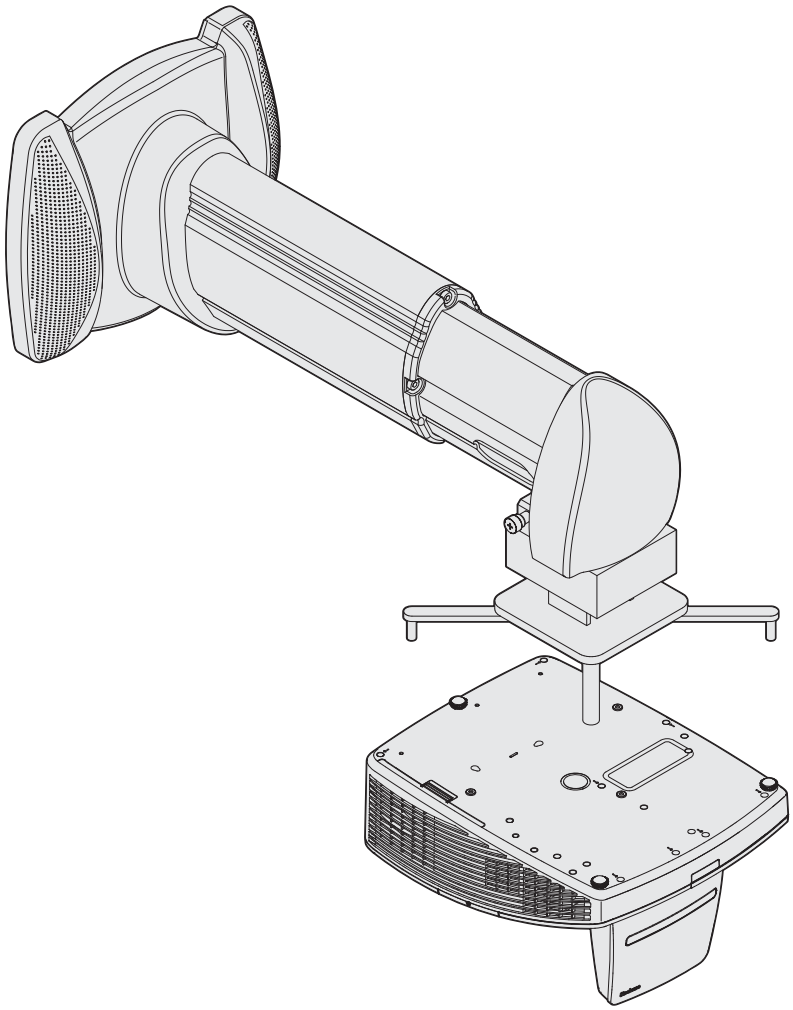
ēno Projector Kit

ēno projector kit should now be ordered separately.



Product Details

ēno projector kit
- Installs on stud/drywall, wood, brick, cinderblock, or concrete wall
- Internal cable storage

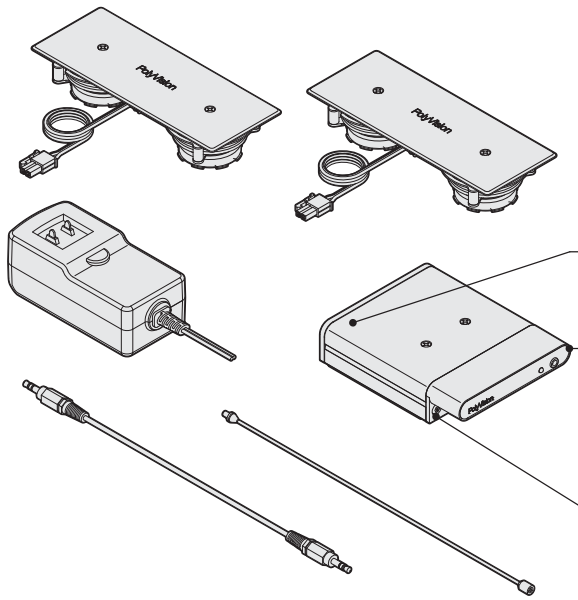
WXGA ultra short-throw projectors comes complete with:
- DLP with Brilliant Color technologies
- Native resolution: WXGA (1280 x 800)
- Aspect ratio: 16:10 Native, 16:9, 4:3
- Brightness: 3000 Lumens (typical); 2450 Lumens (eco mode)
- Lamp life: 5000/8000 hrs.
- 6-segment color wheel (RGBCWY)
- Contrast ratio: 2300:1
- Two 10 watt built-in speakers

Warranty

For warranty details, go to www.steelcase.com.

ēno Play

ēno Play integrates sound with the world's most durable interactive white-board to tune in every type of learner, from auditory to kinesthetic to visual.



Amplifier is standard with two 20 watt output channels and two input jacks.

Quick access volume control allows user to adjust sound from computer or application in use.

Audio input is 3.5 mm and is located in front or rear of amplifier.

Actual Dimensions

	Depth	Width	Length
Amplifier	1/2"	3 3/5"	4 1/2"
Driver pack	9/10"	2 2/5"	5 9/10"

Product Details

ēno Play consists of an amplifier, driver pack, audio input cable, and hardware mounting extender bracket for an ēno board.

Amplifier is standard with two 20 watt output channels and two input jacks, and is electronically protected against reverse and over voltage power input supply.

Amplifier output power is 24VDC; 1.88A, and input power is 100-240VAC; 50/60Hz.

Driver pack is standard with two transducers and maximum power of 15 watts rms. Driver pack IEC 268-5 maximum power is 30 watts rms.

Audio input cable is 3.5 mm, stereo, and 25' male to male. It is available in the following lengths: 6", 1', 3', 6', 12', 15', 35', 50', and 75'.

ēno Play has an operating temperature of 41°F to 95°F and an operating humidity of 10% to 90% non-condensing. ēno Play has a storage temperature of –5°F to 140°F and a storage humidity of 5% to 95% non-condensing.

Environmental Certifications

- FCC
- CE
- RoHS
- WEEE

▶ Page 30

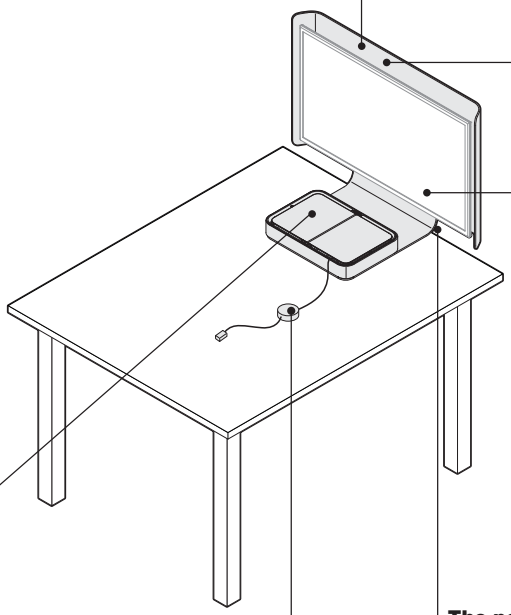
media:scape mini and mobile

media:scape mini can be placed on top of any surface to transform spaces into collaborative work environments, extending the media:scape experience to smaller, existing settings.
▶ Specifying, page 29

media:scape mini comes with four PUCKs available in VGA, HDMI, DisplayPort, and mini DisplayPort connectors.
▶ *For media:scape PUCKs* Understanding, see *Integrated Technologies Specification Guide.*

media:scape mini sets on the worksurfaces and does not require any attachments. For added security, mini can be bolted or locked to the worksurface.

Media well houses four power receptacles, a power button, PUCKs, and has a hinged cover.



Weight of media:scape mini is 90 lbs with the 40" shroud, and 94 lbs with the 42" shroud (monitor not included).

Shroud comes standard, and is easy to remove to provide access to technologies components.

Monitor is not included. media:scape mini has been optimized for 40" and 42" LED monitors. It has been designed to support specific Samsung and LG models. For recommendations, go to: www.steelcase.com/mediascape.

When using a 40" or 42" monitor that is not recommended by Steelcase, utilize the included hardware kit for mounting which provides all necessary cables and hardware to be used with mini. Monitors should be multisync, with a horizontal frequency range of 31–80 kHz, a vertical frequency of 55–80 kHz, and detachable C13/C14 cords.

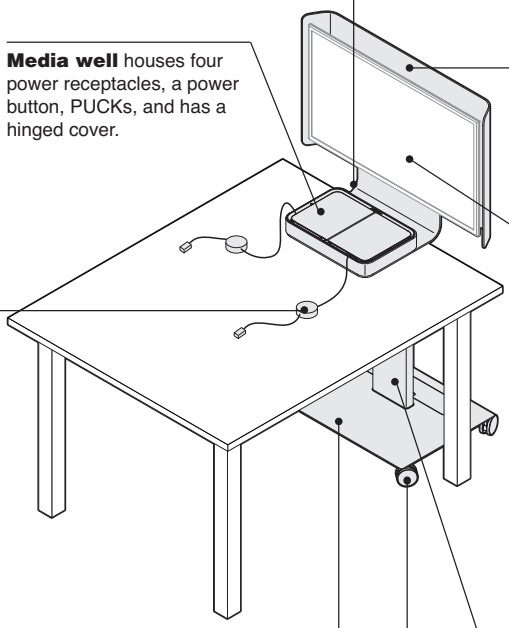
The power cord on mini extends 7' out the back of the base.

PUCKs (Personal User Control Key) enable the seamless flow of information between team members. PUCKs may be specified as VGA, HDMI, DisplayPort, or Mini DisplayPort.
▶ *For media:scape PUCKs* Understanding, see *Integrated Technologies Specification Guide.*

media:scape mobile allows users to apply media:scape in a diverse range of settings — from hospitality to education, business, and healthcare — wherever collaboration might occur.
▶ Specifying, page 30

media:scape mobile can be wheeled up to any worksurface and should be placed with media well floating above the worksurface.

PUCKs (Personal User Control Key) enable the seamless flow of information between team members. PUCKs may be specified as VGA, HDMI, DisplayPort, or Mini DisplayPort.
▶ *For media:scape PUCKs Understanding, see Integrated Technologies Specification Guide.*



Media well houses four power receptacles, a power button, PUCKs, and has a hinged cover.

The power cord on mobile extends 9' out the bottom of the base.

Shroud comes standard, and is easy to remove to provide access to technologies components.

Monitor is not included. media:scape mobile has been optimized for 40" and 42" LED backlit monitors. It has been designed to support specific Samsung and LG models. For recommendations, go to: www.steelcase.com/mediascape.

When using a 40" or 42" monitor that is not recommended by Steelcase, utilize the included hardware kit for mounting which provides all necessary cables and hardware to be used with mobile. Monitors should be multisync, with a horizontal frequency range of 31–80 kHz, a vertical frequency of 55–80 kHz, and detachable C13/C14 cords.

Base is available in two finishes and includes the column. A storage compartment is included to house power cord when being transported.

media:scape mobile is facilities height-adjustable to accommodate both desk- and stool-height surfaces. An electric drill/driver can be used to easily adjust the mobile up or down.
▶ See Dimensions, page 28, for more information.

Casters allow the unit to move easily. The unit comes with soft locking casters as a standard.

Product Details

Build-in security holes allow media:scape mini and mobile monitors to be secured using Kensington lock.

Power and Data

Power is included.

Surface Materials

Base
• Paint

Shroud, bridge, and media well
• Paint to match base

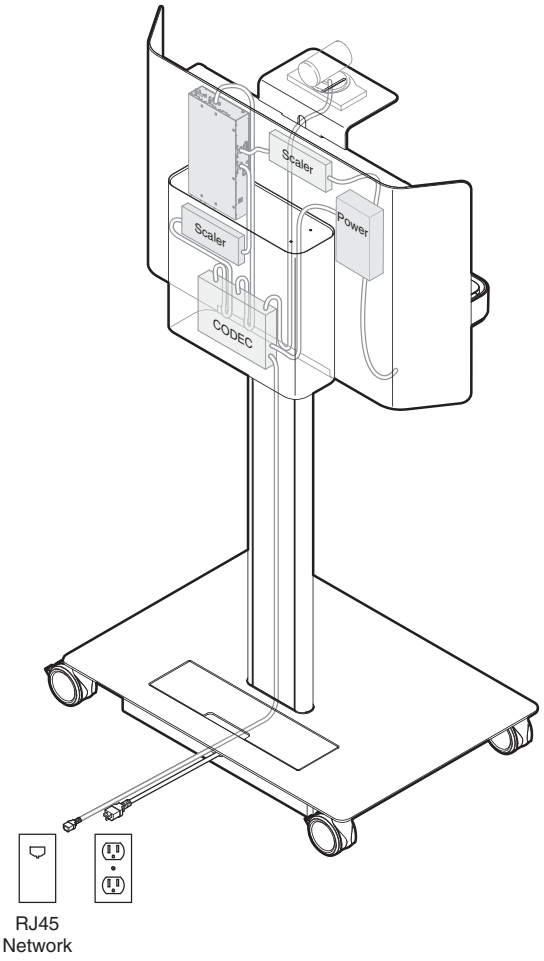
media:scape mobile with HDVC

media:scape mobile can host video conferencing solutions. The HDVC kit includes a CODEC case, top-mount and under-mount camera ledges, a HDMI cable, and a hardware package. Monitor and camera are not included.
▶ Specifying, page 30

The CODEC case is designed for simplified installation of HDVC videoconferencing with media:scape mobile. The location of the CODEC case allows easy access to all necessary connections when the shroud is removed.

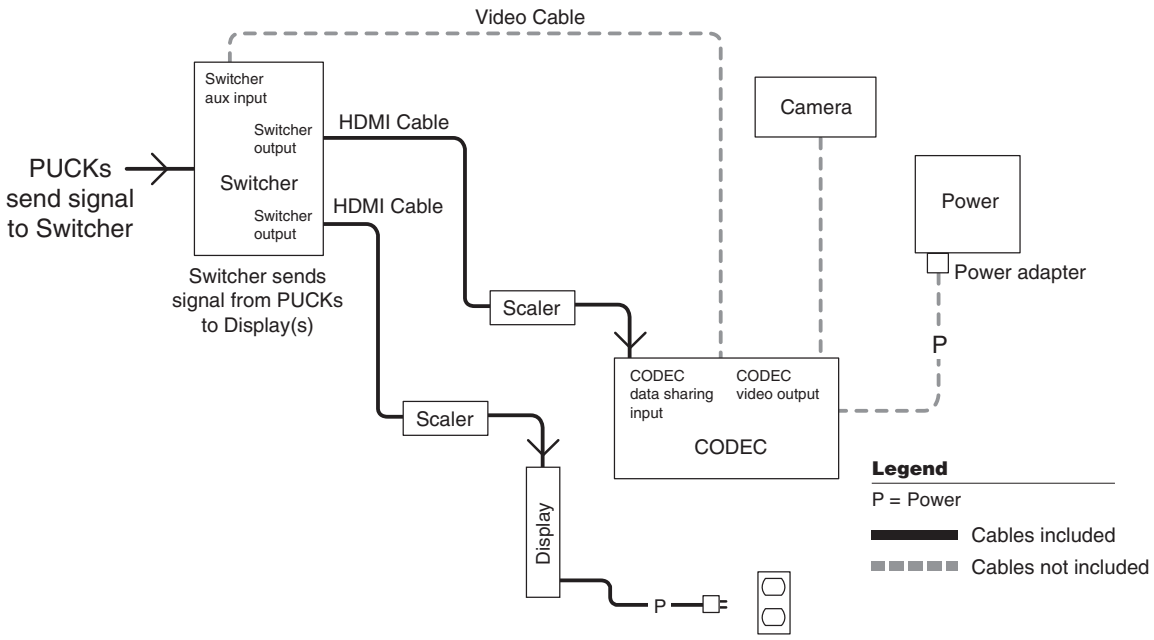
The CODEC case is 5¾" thick to accommodate most CODECs. The perforated cover lets heat dissipate from the CODEC and allows access to hardware for services.

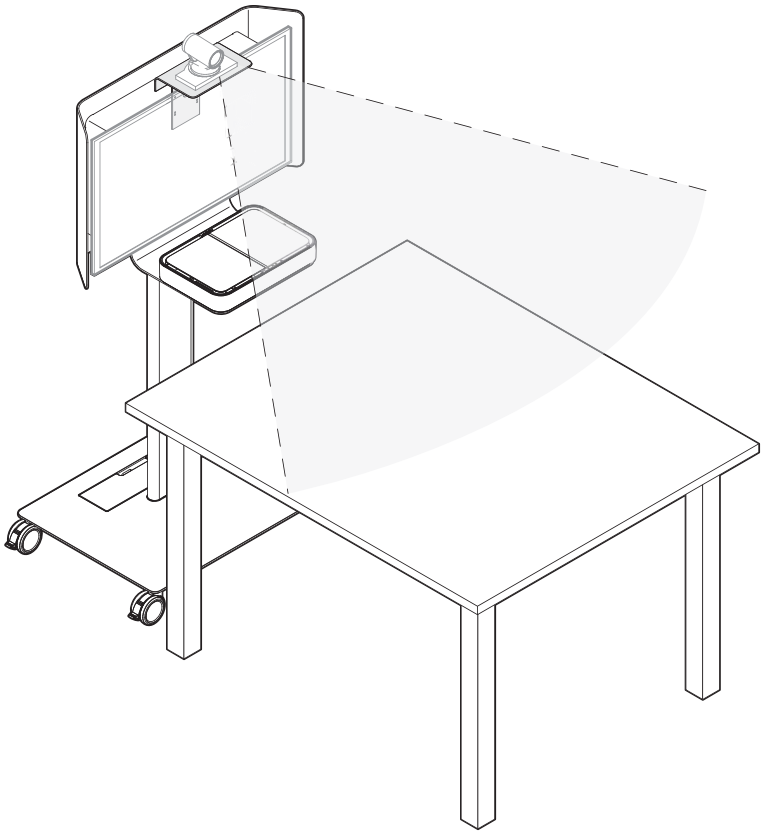
Tip: All CODECs may not fit. Check the dimensions of the CODEC before ordering CODEC case.



Actual Dimensions

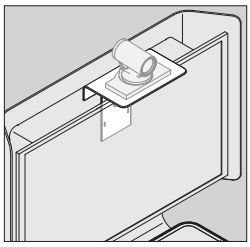
CODEC Case	Outer Dimensions	Inner Dimensions
Depth	5¾"	5⅛"
Width	17"	14⅜"
Height	16"	12⅜"



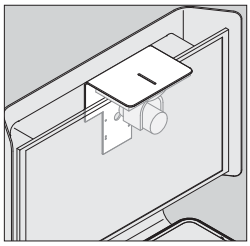


Tip: Sight lines will vary based on camera, mounting position, and distance from participants.

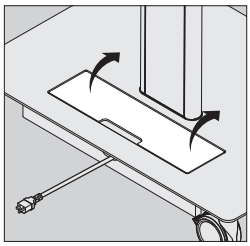
Product Details



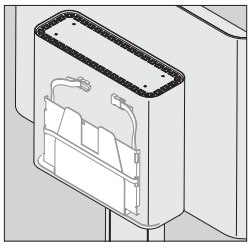
Top-mount camera ledge supports most industry standard HDVC cameras. Depth is 7" and width is 11⅛".



Under-mount camera ledge accommodates most industry standard HDVC cameras. Depth is 8" and width is 11⅛".



Flip-up door in base provides easy access to a power and data cables storage compartment.



A tether buckle is included to secure the CODEC. A Kensington lock is not included but recommended for security.

Surface Materials

HDVC kit

- Paint
